Application for Sewer Service

This application must be filled out completely and signed by the client, developer, or the installer before connection will be permitted. The property owner/developer/installer agrees to abide by the requirements of the Hunter River Sewage Collection and Treatment Utility (as attached) and any applicable provincial legislation. Service will not be provided until the application fee is paid and the inspection of the work is carried out by the Utility before the work is covered up. The connection and or discharging of sump pumps into the Municipal sewer is prohibited under section 4.16 of the Island Regulatory and Appeals Commission Rules and Regulations for municipal sewer utilities.
